- Scout Outdoor Essentials (see pg 98 in the Webelos Handbook)
- First Aid Kit

- Scout Handbook

## NOTES

- Medical Forms A & B must be filled out and turned into the leader Upon arrival Friday evening they will be given back to you Sunday before departing.
- Medications & or vitamins are only to be handled by an adult.
- Bring enough gear to live comfortably, but don't over-pack!
  - Boys are responsible for carrying and keeping track of ALL of their own gear
- Suggestion: Pack in plastic bags (label with names!).
  - Rolling clothes before packing means they take up less space and keeps them neat
  - Pack one complete set of clothes in one bag for each day
- Boys should pack in daypacks, backpacks or duffel bags. Rolling suitcases are not conducive to tent camping.
- **Keep the weather forecast in mind while packing. Remember, in cool/cold weather, layers are your friend.**
- Remember, air mattresses will be the same temperature as the surrounding air (Spring/Fall means Cold weather). A pad will better insulate you from the cold ground.
- A cooler is suggested for any personal food or drinks. Personal snacks are also permitted but please place them in an appropriate container.
  - **No Candy or Snacks should be placed in the tent as this can attract bugs/animals.**

LEADERS WILL NOT BE RESPONSIBLE FOR ITEMS PACKED BY INDIVIDUALS

PACK AT YOUR OWN RISK

PUT YOUR NAME ON EVERYTHING
